(fantastic plastic machine)

Hi, this is your airline hostess susan kelly
Speaking to you direct from our new
Boeing 707 jet in midair
We're flying coast to coast
So when you fly
Our airline can promise you
Your trip from new york to san francisco
Will be one of the greatest frights
You've ever had!
Here is a bulletin from our news room.
An eastern airlines plane with seventy-eight aboard
Has been reported hijacked and is on it's way to
havana.
