Will you leave the city
On the 6:30 bus?
Leaving the city
On the 6:30 bus,

What are you doing?
Just what are you doing?

The weekend's vacation,
Suddenly cancelled
You pay no attention
And just bite into your apple

What are you doing?
Nothing but sighing

Hallelujah! my girl
Let's give a toast
Such a troubled face
Don't worry!
It's gonna be ok, it's gonna be alright,
No matter what

I want to make a
Long distance phone call
To the great girls I've known,
To my old roommate

What am I doing?
What in the world am I doing?

Hallelujah! lovers
Let's give a toast
It's just a passing fancy
Don't be worried
It's gonna be okay, it's gonna be alright,
No matter what

Don't turn on the radio
I'm sick of the news

What's everybody doing?
What's happened to the city?

Hallelujah! god
You must already know
Nobody would
Make fun of you
We're just a little bit
Frightened

Hallelujah! god
Hallelujah! my girl
Goodbye! god
Goodbye! my girl
Isn't it a wonderful thing
We're together
With so many secrets
Packed in the trunk
