-----  
A pink heart and  
An indigo mood  
Are in the cup,  
After shaking them a little,  
Let's also try adding  
Some mellow yellow

If I try and mix them  
Until I get bored  
I wonder what color  
We'll change into?

A pink heart and  
An indigo mood and  
Mellow yellow and  
Some purple feelings  
I want to test  
Let's add a little more

When I stir them  
What mysterious pattern will appear?  
Bending and blending  
So beautiful

Try and stir  
So strongly it overflows  
Try and stir  
So beautiful

Once more from the start  
Do it correctly  
In the cup  
A pink heart and  
An indigo mood  
In the cup

When I try and stir  
I guess only once is okay  
More complicated than a rainbow and  
So beautiful
