If I can get
A long vacation
Let me leave right away
With just a trunk
Anyhow, I'd drive fast
To the south
To a place where nobody
Knows me

Throwing out all the
Old records and clothes
Let me leave right away,
Just by myself
Driving fast to a
Beachside town
Playing rock n' roll
On the old radio

I'm gonna live somewhere
You don't know

I'm gonna leave right away,
With just one trunk
Driving fast for
Two days and two nights
Having just a sandwich
For lunch

I'm gonna live somewhere
You don't know

If I can really
Get a long vacation
Let me leave right away,
All by myself
Anyway, driving fast
Somewhere
Just like rock n' roll
On the old radio

I'm gonna live with
Someone you don't know
