There's a statue of liberty  
In your heart  
A free soul, a guitar,  
A bike, boots and a jack knife  
Living without a watch  
But with an answering machine

You are looking for  
A golden heart that shines in the night  
The gold bracelet you gave your ex-girlfriend  
Is in the pawn shop  
A tattoo on the arm  
A tattoo of the statue of liberty

It's fantastic  
Statue of liberty  
It's rising  
Statue of liberty  
It's cool  
Statue of liberty  
It's gorgeous  
Statue of liberty  
Statue of liberty

Your girl looks good barefoot  
She's like the statue of liberty  
She's always cool and she sleeps with anybody  
She walks and loves as a free spirit  
Tonight she'll spend the night somewhere  
Of course with another person

It's fantastic  
Statue of liberty  
It's rising  
Statue of liberty  
It's cool  
Statue of liberty  
It's gorgeous  
Statue of liberty  
Statue of liberty

-rap-

One two one two  
Have a look  
Life is a fussy  
Metamorphosis  
Danger at  
Three o'clock  
At twelve o'clock

I remember  
I gotta say  
Everything is possible  
If it's good then it's good  
And will come to an end  
I can't walk  
Wearing  
Platform shoes  
Somehow  
How? this way  
A rocker come this far  
Slow low  
Rough whatever  
Each one has it's own means  
Values are relative  
And changes violent  
This city  
Has come to a dead end  
On the verge of a nervous breakdown  
With my microphone  
I'll scatter rhymes  
All around the place  
I'll do it here too  
An urban minstrel  
Groove

Rare records, jeans  
And a statue of liberty t-shirt  
Dogs barking,  
Children crying and  
Cars always stolen

Groove

It's fantastic  
Statue of liberty  
It's rising  
Statue of liberty  
It's cool  
Statue of liberty  
It's gorgeous  
Statue of liberty
