-----  
The first time  
The two of us  
Ever spoke to each other  
Was a windy thursday afternoon  
In may

On a dazzling main street  
In front of a flower shop  
In a bad temper  
You stared at me

I still remember the little things  
Like the lily you  
You gave me

The first time  
The two of us  
Kissed was  
A week later  
On thursday night  
In a gentle rain  
Walking for hours and hours  
We repeated the same  
Old gossip

Suddenly, the two of us  
Pretended  
To run out of topics  
And we fell in love as expected

After that  
When the two of us  
Parted it was  
A cloudy thursday morning in  
September

Before I knew it, you were not  
In our bed  
And the two of us would never  
Meet again
