Woke up early Tuesday
Kissed my mom and said I loved her
Then I doused her with gasoline
Packed my lunch and went to school
And shot up all my friends and teachers
High on Prozac, I don't feel a thing
And ya can't say this comes as a surprise
Revenge
It's cheap
It's time I should take mine
Ya know it's gonna make damn good TV

Fuck you, I'm famous
Start your watch
My 15 minutes are almost up
And I'm so useless
I can't stop
Cuz taking lives is all I got
It's all I've got
It's all I've got
It's all I've got

Wednesday drowned my baby
Ya know my god he made me do it
Says he's comin' soon and you will see
Now that everybody's lookin'
And the way out, yeah it's easy
See me bleedin' in the magazine
And ya can't say this comes as a surprise
Revenge
It's cheap
It's time I should take mine
Ya know it's gonna make damn good TV
