Get out of my face!  
I hope you realize just how elementary you sound, you  
sound!  
Someone please get this kid a band-aid before he  
bleeds disease  
All over town!

I cannot stand the way  
You hate on everything  
It needs to end today  
Your ego's driving me insane

I need some work as well I know, I know

I suppose, I suppose if we all try harder  
To start relating, maybe we'd stop the hating  
I propose, I propose that we all try harder  
To spread some joy and laughter, in this world of  
disaster

Here we go again, there is no limit to the lies you give,  
you give!

I look at my eyes  
In the mirror  
I see that I'm  
Just like the enemy!

I have to break away  
Before it get's too late  
We all have light to shine  
It's time that we illuminate

Now is the time to let it show, it show

I suppose, I suppose if we all try harder  
To start relating, maybe we'd stop the hating  
I propose, I propose that we all try harder  
To spread some joy and laughter, in this world of  
disaster

Yet she's the only crowd I need

Yet she's the only crowd I need  
Yet she's the only crowd I need  
Leila, your the only crowd I need

Am I just wasting time on all my dreams in life?  
I need some inspiration!  
Been trying my whole life, and still I feel unacceptable  
In the eyes of the father!  
Father!  
Father!  
Father!
