You said you doubt that, yeah.
You said you'd fall waiting attack, but you don't like
that, No.
You said your eyes were the sun pissing off the rain.
Ooohh Ooohh
You've got your reasons to say, "Mother Teresa,
don't look my way."

You said you're falling down.
You said you fall waiting attack, but you don't like
that, No.
You said your eyes were the sun pissing off the rain.
Ooohh Ooohh
You've got your reasons to say, "Mother Teresa."
You set this in motion, but you won't look back.
So tell me how this will ever end.

Is she as pretty as me?
Is she as pretty as me?
Is she as pretty as me?
Is she as pretty as me?

You've got your reasons to say, "Mother Teresa."
You set this in motion, but you won't look back.
But, you won't look back.
So tell how this will ever end.
