This song is not for you
It's for everything I wish to be
Behind closed doors is the where the I stand
Of The cold wind blows
One more chance

And you are sorry for it all
And I care nothing is my fault
You're leaving as the I said
Nothing to you
As I said
Nothing to you

Of all the things to say, my love wont to you listen to me
When I say
It takes one more chance to survive
And to say that it'd be easy
That's a lie

When you are sorry for it all
And I care nothing is my fault
You're leaving as the I said
Nothing to you
As I said
Nothing to you

They've told me, mother, who I am
I am
So hold me and promise that I can
So hold me forever, never change
Never change
So on hold me and never

It takes one more chance to survive
Now to say that that'd be easy
That's fine

When you are sorry for it all
And I care nothing is my fault
You're leaving as the I said
Nothing to you

As I said
Nothing to you

Ohh
Ohh
Ohh
Ohh
