Shout!

So once again, come follow me
To my grave, a distant family
Shout our bruises, and shout the words
Is your saving grace, saving grace in vain?
I'm safe from the wreckage, my memory's feels torn
This place just feels too far from home
And I'm safe from the wreckage, my mind was saved
It's too hard to see below

Whispers and ashes, behold
Whispers and ashes, hold on!
Whoo!

With my mistakes, that comfort me
Mysteries lead the blind, guessing to explain
While I'm, safe from the wreckage, my memory's torn
On what is worth fighting for
And I'm safe from the wreckage, I don't feel safe
anymore
Just floating above the earth, alone

Whispers and ashes, behold
Whispers and ashes,
Frown over your pretty little lies, beneath and
See, I said I'll see

Can you see through me as dust just settles on
Whispers and ashes,
I reach for the ceiling, to the sky above
How am I still living?

Safe from the wreckage, I remember everything
All the freedom to follow,
Stay faithful to me
Keep your words calm, I will never forget
I will be just fine, oh, oh,
I'll be just fine, oh, oh,
I'll be just fine, oh, oh,
I'll be just fine, oh, oh, whoa.
