I'm walking in the night and I'm feeling alright,
Coz the moon, the moon is watching over me so bright,
Can't stand the light, always waiting for the night,
And the time, the time is right for me to take...

Flight of fancy!
Now I can see!
Just what I would do for you, you're...

Always my love!
Always my lover,
The one I'll come back to!

Always my love!
Always my lover,
You know that love is you!

I'm waiting for the day, hoping things will go my way,
And the sea, the sea of change will wash away,
All of my fears, all those long lost tears,
Now's the time for me to make...

Flight of fancy!
Now I can see!
Just what I would do for you, you're...

Always my love!
Always my lover,
The one I'll come back to!

Always my love!
Always my lover,
You know that love is you!

Flight of fancy!
Now I can see!
Just what I would do for you, you're...

Always my love!
Always my lover,
The one I'll come back to!

Always my love!
Always my lover,
You know that love is you!
