Been a long time
But I gotta just say
Wanna tell you now
That I'm stuck this way

Been a long time
But I gotta just say
Wanna tell you now
That I'm stuck this way

Now listen to the words
That are comin' through
I got attention just for you
Pull the phone
Close the door
And I'll tell ya
What's long over do

Another day
Another night
Another reason
You'll find I sure do care
Like a dog
A dog on a lead
I'm gonna follow you everywhere

I will stay
I'm gonna love ya
Every step of the way
(like dog, a dog on a lead)
I will stay
I'm gonna love ya
Every step of the way
(I'm gonna beg now)

Nah nah nah nah nah
Hey-e-ay-e-yeah
Nah nah nah nah
You know I'm stuck on you
Nah nah nah nah nah
Hey-e-ay-e-yeah

Nah nah nah nah
You know I'm stuck on you
Com on girl
C'mon move closer
I gotta quench my thirst for you
Settle down
Pour the wine
And I'll let you feel what's comin throught...
A sumertime
A summer shine
A summer season
You know you're gonna really take me there
[Repeat to fade:
I will stay
I'm gonna love ya
Every step of the way
(like dog, a dog on a lead)
I will stay
I'm gonna love ya
Every step of the way
(I'm gonna sing now)
