Can u kick it? U Krazy Katz
Can u swing it? YEAH!
Cut no slack jack gotta get myself back to where I was
today I said
hoot-that-toot-flute in your sharp zoot suit
The one that you sold me this way
I'm not sure whose knocking at my door whos ringing
my bell I can't say
(who is it?)
But come on right in just a-wearing that grin coz you're
welcome in here any day

All U Katz fall about
Raise your hats to the man and shout
YEAH!
U Krazy Katz

Play that lick snake on your funky sax break
you shake it you rattle you roll
a with a knick knack paddy whack make this dog a cool
cat
to swinging some funk to my soul
I'm not sure when the clock strikes 4
If we end then the curtain will fall
but it ain't a sin let the good times begin
cos the whole joints are having a ball
