used to dream of love that lasted,
and cut through my foolish pride.
Then when you appeared I found it baby,
you're the best thing in my,
best thing in my life.

I can't believe the change in me girl,
your everyday is my surprise
You filled my up now I'm complete baby,
You're the best thing in my,
best thing in my life.

(Chorus) When I fall in love its gonna be forever,
when I fall in love its gonna be forever.
Forever, forever fall in love it's gonna
be forever, forever together, fall in love
it's gonna be forever.
Forever, forever fall in love it's gonna be forever,
forever together fall in love its gonna be forever.

Now I'm only happy when I'm near
you, you've turned my whole world
upside down.
Like stars above i'll be there for you,
you're the best thing in my,
best thing in my.
I thought I'd seen it all before girl, the
seven wonders in their eyes,
But none compare to what I feel for you,
you're the best thing in my,
best thing in my life.

(chours)

When I fall in love I want the love to be
strong, a physical attraction that goes on and on.
i wanna hold you close, I wanna feel ya near,
surround you in the dark and protect you from fear.
I wanna grow close together, grow old, feel
trust love and be told,
Eternity till death do us part,

you blew my mind now take my heart.

Forever.

(chorus) (repeat)
