When I look at your face, when I look at your mind,
Was there something you were were trying to hide?
When you walk in a room, and the people say who,
Do you think they mean me, or is it you?

CHORUS

Who are you?
Don't you know your name?
Who are you?
Don't you know your name?
Lalalalalala, lalalalalalalalala
Lalalalalala, lalalalalalalalala

Take a look at your life, take a look at yourself,
You must find out what you're really worth,
Are you thinkin' 'bout us, are you thinkin' 'bout me,
Have you thought about what you wanna be?

CHORUS

Did you recognise my face?
Could you tell I'm outta place?
We conversed, I rehearsed, but you're just a waste of
space!
I was hopin' for more, somethin' simple, somethin'
pure,
But it's rotten to the core...
What'ja take me for?!

CHORUS
