The moon is not quite bright  
The time is not quite now  
Your lips are close to mine  
I'm leaving I'm leaving I'm leaving I'm

Our brains are not quite full  
So stuffed with half thought thoughts  
Math problems still to solve  
I'm leaving I'm leaving I'm leavin I'm

And why don't we move ourselves up the road  
I don't know which turn was wrong  
But the roughest roads are the ones that take us home  
And why don't we lay peacefully at night  
I can't count the minutes we've lain here  
Something ain't right  
Something ain't right  
Something' ain't ain't  
Something ain't right!

Look back at what's behind us  
Left home with eyes ahead  
The colors run together  
They're bleeding  
They're bleeding  
They're bleeding

Why don't we move ourselves up the road  
I don't know which turn was wrong  
But the roughest roads are the ones that take us home  
And why don't we lay peacefully at night  
I can't count the seconds we've lain here  
Something ain't right  
Something ain't right  
Something' ain't ain't  
Something ain't right!

Something ain't right  
Something ain't right  
Something ain't right  
I'm leavin I'm leavin I'm leavin  
Leavin' ain't right

I'm something  
I'm leaving  
I'm right I'm leavin  
I'm
