Sacrifice, ritual, satanic mass from hell  
Cleansed by fire, drenched in blood  
Can't escape your fate  
Watch them burning, suffer, torment  
Smell of melting skin  
Sadistic torture in the oven  
Cremation of the Sick

Burn! Burned alive!

Melting eyes, brain is fried  
Skin is liquified  
Slowly dying, can't stop crying  
Praying for an end

Execution, dark illusion  
Tortured by the flames  
Blood to ashes, ashes to blood  
The pain will never end

Burning corpses into ashes  
Lighting up the night  
Burned alive without mercy  
No chance to survive

Burn! Burned alive!

Hell is unleashed  
Painful screams  
Lifeless corpses  
Hoping to be killed
