I have loved  
In my life  
As a child  
I often cried

And love too soon  
Can fade away  
Love too soon  
Can fail away

In the sun  
Light of day  
I can see  
Your face change

And love too soon  
Faze away  
Love too soon  
Can fail away

And this dreadful crime to see  
Breaks my heart  
Into pieces

Love too soon  
Can fade away  
Love too soon  
Can fail away

How false the heart  
How false the day  
When you swore your love  
The branches now decay

Love too soon  
I'm faze away  
Love too soon  
I'm faze away
