[Flesh-N-Bone]

You don't wanna see my Flesh (Flesh, Flesh...)

Chorus:

It's nothin' but the Bone in me

You don't wanna see my Flesh Bone

It's nothin' but the Bone in me

You don't wanna see me

[Flesh-N-Bone]

Feel thug shit pumpin' out of Cleveland

All up in your system, hittin it, and everybody move

No matter where you're from, come one and get with this

Here to make you party, body, so groove over to the Glock

The spot, we got it poppin' all day to get through the night

Swisha, fill 'em on up with the icky, sticky, sippin' liquor got you nice

Whip out the lighter, flame on up

It be to completely ? me up

Everyone, have a nice time, get along with your people

Don't wanna hear people fuss or cuss

If they do, then I crush 'em

Break every bone off in his body

'Cause all my people came here to have a wonderfultime, niggas

Everybody crashed the party

Once in awhile we can get a little wild

And ever now and then, I comin' out to show you how

In the Land, my city, the way we put it down

You know what it is, how to get to my town

Listen to the rythm

Hear this sound: (sirens)

put you deep into a motion that just don't stop

Feel them coppers come knockin' on your door

Get you ass on the floor

We jack 'til we drop

Props, sendin' out shots to my trues  
Been down with that nigga Flesh at the beginning and  
niggas together 'til the very ending  
And I'm hit after hit, and I'm still winnin'  
And you wonder what it is in me that you really wanna  
roll  
Then see Flesh gettin' busy with niggas that it be my  
thang  
Nothin' but the Bone in me

Chorus

[Flesh-N-Bone]

I grip me a pipe with my heater  
Call upon it, when I need her  
Feedin' bullets to spit on ya corner  
Think to test me?  
Baby, you's a goner, loner  
Somebody shouda been done warned, now  
When ya on the thug show, nigga flex  
Check out the Flesh, put it down  
When your in the C-Town don't fuck those  
You simple-minded  
Don't you find it complicated?  
Checkin' the best style  
So I'm out get ? tryin' to clear a ?  
Start none, nigga want my forty  
Get a light, my sud's froze cold  
So off to economies, hit up the store  
And I'd love to thank for keepin' the drink I see for me  
Get me ldes, get surprised, (copper stops .38) and mo'  
cheese  
Get the with the Gs, set a destination, we're facin'  
Finally I'm here (I'm here)  
Hit me as I go pissy-drunk, breath stunk, puff spliff  
after spliff  
Chinese - eyes sunk shut, near me pass my beeron to  
the next man  
Goin' up to meet a pretty lady to get my boogie on for  
the next dance  
No ?, her intentions was to get money, and let's face it,  
shame on you, honey  
Bitch made it known she wanna fuck me because I'm a  
Bone  
No threat, better yet I'm a pass up the ass and keep my  
cash  
Leavin' women alone, and go stack up my bankroll  
Flip paper, dollar, grab the dollar  
Make me holler, feel it in me, nothin' but the Bone

Chorus
