Speak, I'm listening
Baby, I'm your sweet thing
Believe what I'm saying
God's truth, I'm not lying

I lie steady
Rest your head on me
I'll smooth it nicely
Rub it better 'till it bleeds

And, and you'll believe me
Caught out again
I'm callin' you weak
Getting even

And, I was joking
Sweet babe, let me stroke it
Take, I'm givin'
God's truth, I'm not lying

And, and you'll believe me
I, I, I'm calling you in
I, I, I, and I'll make it better
And I'll rub 'till it bleeds

And I'll rub it until it
And I'll rub it until it
(Ohh)
And I'll rub it until it
And I'll rub it until it

And I'll rub it until it
(Ohh)
And I'll rub it until it
And I'll rub it until it
And I'll rub it until it
