Hey there Luna
I'd like to, tell ya
How sad am I
So love sick I could die

Needin water
My neck's stiff, my head hurts
Been lookin' up all night
Been looking up moon, she's so bright

She's so white
She's so clean
I'm tellin' you
She's everything
I'd give it all
My sorry eyes
Give just everything
She's got me so mesmerized

Yeah I wish I was a Yuri G
(Yea)
It's just the things that she does to me
(Yea)
Yeah I wish I was Yuri G
(Yea)
Bring back my memory

Told by a doctor
You make a figure
Needles stick in her
She'll be your Luna

I stuck 'em in real clean
I stuck 'em in a mile
I drew her down on me
I drew her with a smile
I'd give it all you see
I'd give my sorry eyes
Give just everything
She's got me so mesmerized

Yeah I wish I was a Yuri G

(Yea)
It's just the things that she does to me
(Yea)
Yeah I thought I was Yuri G
(Yea)
Bring back my memory

I stuck them in a mile
I stuck them in real clean
I stuck them in a mile
I drew her down on me
I drew her with a smile
I'd give it all you see
I'd give my sorry eyes
Give just everything
She's got me so mesmerized

Yeah I wish I was a Yuri G
(Yea)
It's just the things that she does to me
(Yea)
Yeah I thought I was Yuri G
(Yea)
Bring back my memory

Yeah I wish I was a Yuri G
(Yea)
I let her walk all over me
Yeah I thought I was Yuri G

Bring back my memory
Bring back my memory
Bring back my memory
