Caught in your sophisticated lies, everything is my fault  
all the time,  
Cos you're too perfect to make a mistake,  
At least you think so anyway,  
You figure I'm ok with what you do, wearing what you  
want me to, but please,  
I'm not stupid enough to listen and that just pisses you  
off,

(Pre Chorus)

Tangled up in what I want and what you think I need,  
You act like a child by ignoring me,  
And I could tell you countless times to try and act  
human,

(Chorus)

But that would be asking too much,  
Oh I've had enough,  
You better hear me this time,  
Or else this will be the last time,  
That we ever say hello, x2

You thought you had me wrapped around your finger, I  
was actually just being nice,  
And trying to ignore, your countless flaws,  
Even though you think you have none,  
It must be so easy for you everyday to wake up and  
think everyone loves what you say,  
When really we just nod and play along,  
Cos no one actually cares,

(Pre Chorus)

Tangled up in what I want and what you think I need,  
You act like a child by ignoring me,  
And I could tell you countless times to try and act  
human,

(Chorus)

But that would be asking too much,  
Oh I've had enough,  
You better hear me this time,  
Or else this will be the last time,

That we ever say hello, x2

(Bridge)

Done with your controlling,  
Done with your guilt-tripping,  
Done with everything you are,

Oh, I don't want to go, no, no, no, I don't want to go, no,  
no, no, please don't make me go, oh

(Pre Chorus)

Tangled up in what I want and what you think I need,  
You act like a child by ignoring me,  
And I could tell you countless times to try and act like  
the old you,

(Chorus)

But that would be asking too much,  
Oh I've had enough,  
You better hear me this time,  
Or else this will be the last time,  
That we ever say hello, x2

Oh woah, oh oh woah, oh, I don't want to go, no, no, no,  
I don't want to go, oh.
