I can't handle these Hollywood kids
With their faces right and their stomachs tight
Money in the pocket of Mr. Decisions and
That man has his own sideburn agenda
I'm not down with his plan

It's hot in the Beverly sun
Want the truth told for everyone
Oh for everyone I know

You and I both know
Love is everywhere you go
It's hard to keep it down when you're around

Troubles come as passion
As we figure an umbrella
For a rain that's coming
Up from beneath the bed

I am the sun
I am the sun
Hug, hug and warm everyone
I am the sun
I am the sun

That man behind me
I think he's a serial killer
As he drives on by, by

Video replaced that liquor store
And the schools are never gentrified
Everytime she rumbles
Wait for the whole thing to come on down

You and I both know that
Love is everywhere you go
It's hard to keep it down when you're around

Troubles come as passion
As we figure an umbrella
For a rain that's coming
Up from beneath the bed

From underneath the bed

I am the sun
I am the sun
Hug, hug and warm everyone
I am the sun
I am the sun

Toe tag busted
Realization thrust
Karma calling, country's falling
TV make me cry

I am the sun
I am the sun
Hug, hug and warm everyone
I am the sun
I am the sun

Graham cracker fever eating
Healthy while unwealthy
Keying in on the hundred spare
I don't dare to take it on
