Somehow in your breathing
Is a place I call home
I wanna dive deep into your eyes
I wanna swim in your soul

And when love and life disturbs the truth
You make my blurry clear
And for me to be all I can be
Gonna need to have you near

No one can touch my face
Make me feel this way
I might be gone tomorrow
It's only memories that stay

I'd try, when you let me, to be strong
Let our love rearrange all the stars in the sky
I'd cry when you let me, I'd die if you let me
No wonder why I...

On a night like this
When your love feels free
Better hold on to what you have
Cause the best thing is you and me

When I hold out my hand to you
Feels like I'm reaching out to God
When I look into your eyes again
World's sadness is forgot

No one can touch my face
Make me feel this way
I might be gone tomorrow
It's only memories that stay
