Gotta tell you that I've gone to  
South Compton in my mind  
Gotta tell you that I've gone to the  
Breakers in my mind  
Hey there baby,  
I am lost on a traveling cloud

I'd rather be medicated  
Than a bitch like you  
I'd rather be medicated  
Than to have to deal with you still  
I'd rather be medicated

Gotta tell you that I've gone to  
South Compton in my mind  
Gotta ask us why we choose to  
Drive the car when we are blind  
Hey there baby  
I am lost on a traveling cloud

Don't you take it away from me  
Don't you take it away from me,  
Yeah  
Don't you take it cuz oh I can't  
Shake it  
I can't make it  
So please don't you take it away

Gotta tell you  
That I've gone to the breakers
