Snow in St. Petersburg  
Falling gently on trees  
What have you done to me  
Your love weakens the knees  
The clouds that hang over me  
Forming pictures and scenes  
An angel she comes to me  
And explains what it all means  
And she says to fly

Fly  
She says to fly  
Fly

The sadness inside of me  
Makes it hard to forget  
I just watched you smile today  
It was the prettiest yet  
Guilty words pour on me  
And the rain is a song  
That's when she comes to me  
And forgives all I've done wrong  
And she says to fly

Fly  
She says to fly  
Fly

Give all my love  
With you on my side  
I won't do wrong again  
Without you I'm lost  
I am nothing  
I'm left here a broken soul

Snow in St. Petersburg  
Falling gently on trees  
What have you done to me  
Your love weakens the knees  
The clouds that hang over me  
Forming pictures and scenes  
An angel she comes to me

And explains what it all means  
And she says to fly

Alternate verse

The wind is a friend of mine  
As it moves through the trees  
In my ears whispering  
The change we all need
