What I've learned now as I've grown old
When I found you I found my pot of gold
It'll be alright
It'll be alright
It'll be alright

Watch you move from across the floor
Walk through my soul 'cause it's an open door
It'll be alright
It'll be alright
It'll be alright

Don't you know that you're like pictures in the wind
They keep flying by and look and me
I'm grabbing

If you close your eyes you can have all you see
If you just hold on to the dream

In fields I'd cry while the curtains blow
What the window sees only the window knows
Gotta look inside
Gotta look inside
Gotta look inside

Scream your fears while the sky grows cold
The seasons come and the seasons go
It'll be alright
It'll be alright
Oh, it'll be alright

Don't you know that you are everywhere I go
We can climb the stairs together
Together we'll get there I know
If there ever was a time
If you ever wondered why
We can hold the dream
And hold the dream
And hold the dream
We can kiss the sky

Don't you see what we got is strong
A life, the love comes to push and shove
To make the sun shine
Make the sun shine
Sing a song with me
Na na na na na na na na...

Close your eyes, you can have all you see
If you just hold on to the dream
If you close your eyes you can have all you see
If you just hold on to the dream
