C'mon now  
Let's whisper in time  
Got the lover in roll  
Got the lover in rhyme  
Lay down with luster  
And the soul will agree  
That this picture of love  
Is this picture of me

You know you take me away  
Looking back on your yesterdays  
You know you gave me the signs  
You didn't know I only listen in rhymes

Put me on a plane to your garden  
You're comin' up sweeter than green  
It's in the strength of horizons baby  
I'm smokin' someone else's dream

Strangest thing to see a man with your eyes  
He was down on his clover  
He was unrealized  
Wanted to bring him to you  
Give him a home  
But he opened his mouth  
And the evil awoke

A walk in the morning  
Is this city all done  
Gives us prostitutes talkin'  
To a gangbanger's son  
I see that they're OK  
There's love in their eyes  
In a city of dreamers  
I'm paintin' the sky

Put me on a plane to your garden  
You're comin' up sweeter than green  
It's in the strength of horizons baby  
I'm smokin' someone else's dream

Put me on a plane to your garden

I'm jumpin' bridges into your stream  
My hope is in the horizon baby  
I'm smokin' someone else's dream

Put me on a plane to your garden  
I'm jumpin' bridges into your stream  
My hope is in the horizon baby  
I'm smokin' someone else's dream

You know you take me away  
Looking back on your yesterdays  
You know you gave me the signs  
You didn't know I only listen in rhymes
