"Yesterday"

Visit "[Yesterday](#)" on MotoLyrics.com

It's a lot like yesterday
When you came like a woman to me
It's a lot like yesterday
When we felt that

It's a lot like yesterday
With your old-fashioned love songs
That were written just for you
And I say
It's a lot like yesterday
When you came down on me

I know with time that you'll be the one
Gotta give me your love now
'Cause I need it bare and I need your soul

It's a lot like yesterday
When you woke up in the morning
And took the whole thing out on me
No matter how I try
You're the winner
You're the winner

It's a lot like yesterday
With your old-fashioned love songs
That were written just for you
And I say
It's a lot like yesterday
When you came down on me

(chorus)
You're the winner
You win

(chorus out)
