A glimpse of you brought me back through and  
through  
Tell me if you leave, would you leave the night light on  
Standing on a stair, not alone, not aware  
I know who you are to the core, would you fight on for  
me?

Do you recall those earlier years  
When right from wrong was, oh, so clear

And I know, I know, everything must change  
You, oh, you will always be my same  
Don't you die on me, my love.

Heaven's on our side but you know we can't rely  
I hear your voices screaming through my memories  
All that you can stand, all that you could ever have  
Look into your sun, would you leave a little light on for  
me?

Do you recall those earlier years  
When right from wrong was, oh, so clear

And I know, I know, everything must change  
You, oh, you will always be my same  
Don't you die on me, my love.

Oh, oh, oh, oh, oh, oh, oh, oh

I know, I know, everything must change  
You, oh, you will always be my same  
Don't you die on me, my love.
