She slips down, wishes that she did it again, again,
again
Inspires little lies, when she done it again, again, again
She's smiles like a mouse, sit beneath her friends in
front of the house
Sits down, missed it by a mile then she does it again

CHORUS

Again, again, again, again
She does it again
Again, again, again, again, yeah

She's still alive, mystic miles
But she servered again and again and again
She twisted styles, but she smiles as she says it again,
again, again
She smiles like a mouse, sit beneath her friends in
front of the house
Sits down, missed it by a mile then she does it again

CHORUS

Again, again, again, again
She does it again
Again, again, again, again,
She does it again
Again, again, again, again, yeah

She smiles like a mouse, sit beneath her friends in
front of the house
Sits down, missed it by a miiiiiiiile, and again
Again, again, oh she does it again
She does it again

Do..do-oOo..do..do-oOo..

Do..do-oOo..do..do-oOo..

Do..do..do..do..

Oh yeah, and she does it again

She does it again, again, again, again, again

She does it again, again, again, again, again

She does it again, again, again, again, again, yeah

She does it again

She does it again, and again
She does it again
She does it again, and again, and again...
