Help me in my sleep
I'm not asking for this superstition
When I get too high to know where I am

Strange is all I want
If it is what it is then show me, my blind eyes can see
Nobody hears what nobody knows

CHORUS 1

Jumping around everything that you say
There's a hole in the ground and it has the urge to
swallow
So glad you found this
So glad you knew this
So glad you fo-o-o-und...this...

Swallow in all your soul
Can't lead us into this peculiar hole
So show me a sign to know where to go

Feel is all I need
To understand your every hopeful tear
So swallow your pride to show you the way, the way, the
way

CHORUS 1

(Spoken)
Diggin' into no where with no promising
In this no-win situation
Flowers are slowly fading
We're always getting into your way
And I get along and along

CHORUS 2

Jumping around everything that you say
There's a hole in the ground and it has the urge to
swallow
So glad you found this
So glad you knew this
So glad you found us, yeah

So glad you found this
So glad you knew this
So glad you found us, yeah

Do do do
Do do do do do do do
Do do do do do do do do do do
So glad you found this
So glad you knew this
So glad you found us, yeah
Do do do
So glad you found us, yeah
So glad you found this
So glad you knew this
So glad you found us, yeah
