Nobody hears and nobody knows
Everyone's eyes always so closed
Nobody died, waiting

Maybe I move just a little slow
And I'll be ashamed to go it alone
Nobody died

Because you speak in tongues
Nobody use and now alone
So don't close your eyes
'Cause you're not sleeping

CHORUS 1

Throw me a line, cause I'm sinking fast
Show me a sign that this may never last
And all I'm asking and all I need to run-around for a
minute
So I can get somebody listenin' to all my pain
It's spells you, you and I, left to die

It's only a pain this simple life
It gets you waiting until you die
It sucks, more sensations, kill you

And if you wake up in this lie
Remember it's only you that trust
'Cause you're not sleeping, no more pain

CHORUS 2

Throw me a line, cause I'm sinking fast
Show me a sign that this may never last
And all I'm asking and all I need to run-around for a
minute
So I can get somebody listenin' to all my pain, all my
pain
It's spells you, you and I, you and I, I oh

Throw me a line, cause I'm sinking fast
Show me a sign that this may never last
And all I'm asking and all I need to run-around for a

minute

So I can get somebody listenin' to all my pain

'Cause all I need is just a helping hand

To show me a sign that this may never last

And all I'm asking and all I need to run-around for a
minute

So I can get somebody listenin' to all my pain, all my
pain

It's spells you, you and I, you and I, I oh
