I wish I didn't care like you don't  
I changed a little bit, but you won't  
What's your secret for making this easy?  
Living a lie, simply to please me  
But it's okay  
Looking back on our days, it's okay  
We don't have to play anymore

#### CHORUS

This is our final curtain call  
I think I'll skip the bow for now, and let you enjoy it all  
This is our final curtain call  
I'm going to let you take all the applause

I wish I couldn't feel like you don't  
And say the things I should, but I know I won't  
I did you a favor in saying what you couldn't say  
And got my answer to your secret in my own little way  
But it's okay  
I don't want you this way  
So, it's okay  
We don't have to play anymore

#### CHORUS

Please stop saying that you're sorry  
Go be alone and I'll be gone  
You'll have both things that you wanted  
And I'll get back to moving on  
I had a feeling it was over  
And I now know that it's true  
I learned a lesson from your secret  
And let go of loving you

Now this is my final curtain call  
I think I'll take my bow right now  
And I'm gonna enjoy it all  
This is my final curtain call  
I'm gonna take in all my applause
