Now it's time to come clean
Shed all of my vanity
The obsession of me I see will end me
Am I even worth saving?
(I pray, forgiving)

Just take me and break me
Please steal this heart away and change me
I'm bleeding while choking on these words
Do with me what you will
(I know you did this to me and you will save this day.
And I won't forget what you've done for me)

I can't sleep
You're haunting me
I can't speak
Your name burns in me
When I dream
Make me believe

I can see when I fail you
Disappointment burns through
Then I fall to my knees
How I want to be free from what taunts me
My heart tares for you

I would do anything
To be what you want of me
I'd change back into a child
With innocence and sugar kisses
To be by your side
To walk in your wake
I'd change for the rain on my face
If you would teach me
All I want is humility

Take me and break me
Please steal this heart away engage me
I'm bleeding while choking on these words
Do with me what you will
(I know you did this to me and you will save this day.

And I won't forget what you've done for me)

I pray engage...
