1st stanza:

I'm moving on today, I'm not ok
Escaping the pain and I'm crying inside
Can you feel?
Do you know how much, I miss you
It hurts me inside and I can't call you mine
I'm insane

Refrain:

Ohhhh...
What does he had,
That I don't have

Chorus:

Your the air I breath
Reason to make me alive
Your the star I wish
Reason to make me smile
How did you forget
Everything that I had
Oh I love you,
I'm not so over you

2nd stanza:

The promise that we made
Do you mean it?
It's running in my head
I can't stop to think about you
Do you miss the laugh
That we made?
What should I do?
I love you

(Repeat chorus2x)
