

## Dear Tragedy "It's Up To Us"

Visit "[It's Up To Us](#)" on [MotoLyrics.com](https://MotoLyrics.com)

It seems like we've been  
Running in circles and getting nowhere fast  
Because of what we've been told  
It's time we stop this  
Before it's too late  
Let's take a second  
Get in control

Because, we've tried too hard  
To let them tear us apart  
So let's stand our ground  
And this time we'll make a stand  
To show the world  
No one can take us down

From what I've learned in my life  
And things I've seen in the past  
It's all about the heart  
And in case no one knew  
I'd like to tell you  
That we've been fighting from the start

It's us against the world.
