

## Dear Tragedy "What You Used To Hate"

I remember when you stood for something  
Now you can barely even stand  
I've come to find you've lost it all  
So I write down these words  
In hopes you'd come to realize  
You've changed into the one thing (That you never  
wanted to be)

I'm the one who should be proud  
For standing up for what I believe in  
I've stepped forward and I'm never turning back  
I can't wait to prove you wrong  
You may not be able to see it  
But you've turned into what you used to hate

I never was one to fall to temptations  
You always said you were the same  
And now I see you can't keep your head up any longer  
That's why you can't see straight

'WHAT YOU USED TO HATE! '

Woah-oh-oh-oh  
Whatever happened to you
