Now it's morning,
nothing but the black and blue of dawn
and the sound of factories.
The sound of factories
The sound of "marry me"...

(chorus)

When I feel you crying,
I feel like moving on
When I feel you crying,
It helps me feel like no one can reach me
When I feel you crying
I feel like moving on
(rips my heart out)

Then I start to feel like I'm running out
Back against the wall too long to let it out
Then I start to feel like i'm running out
My back against the wall too long to let it out
Quiet while I'm speaking with my ghost

Still in my dreams I see remains of Marianne... (Ä—3)

You woke the sun up
Quiet while I'm speaking with my ghost

Now it feels like rain... (Ä—2)

Rips my heart out
It rips my heart out
I feel like moving on!
When I feel you crying, I feel like moving on!
When I feel you crying, it helps me feel like no one can
reach me
When I feel you crying...

When I start to feel like I'm running out
Back against the wall, too long to let it out
Back against the wall, too long to let it out
Quiet while i'm speaking with my ghost

Still in my dreams I see remains of Marianne (Ã—3)

You woke the sun up
Quiet while I'm speaking with my ghost

Feels like rain...
Now it feels like rain, when you calm me down...
Feels like rain
Feels like rain, when you calm me down
