She's a killer bee, a poison ivy
She's got a heart of stone, not able to feel

Killing the blame, ain't that a shame?
Now you're just another victim of this foolish game
On the run, she kills for fun
Gonna fire all her bullets and hide what she's done

Collecting rocks, she never stops
She's always fighting to the limit until someone drops
She's got the balls, the cut and falls
Just when you felt like you escaped, emergency calls

She blows your mind, that's part of her crime
There ain't no wishing well, she's a killer inside
Her raise is on, she's coming on strong
You're gonna be her victim by the break of dawn

She's a killer bee, a poison ivy
She's got a heart of stone, not able to feel
Don't hide and seek, the girl is a freak
She favours every man and plays it discreet

Don't turn around, you're losing ground
She's gonna lock you up in chains and leave you for fun
She's got a style, insane and wild
And when you think she's sat aside, she poisons your mind

She blows your mind, that's part of her crime
There ain't no wishing well, she's a killer inside
Her raise is on, she's coming on strong
You're gonna be her victim by the break of dawn

She's a killer bee, a poison ivy
She's got a heart of stone, not able to feel
Don't hide and seek, the girl is a freak
She favours every man and plays it discreet

She's a killer bee, a poison ivy
She's got a heart of stone, not able to feel
Don't hide and seek, the girl is a freak
She favours every man and plays it discreet

She's a killer bee, a poison ivy
She's got a heart of stone, not able to feel
Don't hide and seek, the girl is a freak

She favours every man and plays it discreet
