If I could come  
Back to you  
It always comes  
Back to you  
But knowing you  
And wanting you  
Are separate  
And I am desperate

But I know you're here with me  
You're always here with me

And it colours me  
Indefinitely  
I am by your side  
I am by your side

And when you can't breathe  
When you decide to leave

I am by your side  
I am by your side

Where did you go?  
What did you do?  
What did they  
Take from you?

I can't hold on  
To this now  
Your eyes are cold  
I don't know how

To let go of you  
I miss you, I love you

And it colours me  
Indefinitely  
I am by your side  
I am by your side
