"Embers Of A Dying World"

I witnessed Man annihilate his Womb, his World
Place of Eternal War left a desolate Tomb
Epic Wars, War Machines consumed this Realm.
Strategy of scorched Earth, Nothing left to gain in
Victory

The Black in your Heart, an ultimate Lust for Power.
And the Planet exhales as Your Weapons spit forth
You drenched the Soil in the Blood of Mankind.
You ran Your Sword through the Heart of Mother Earth

Embers!

The Embers of a dying World casting Light on your
Destiny,
Condemned to live under the Shadow of Death
The Embers of a Dying World casting Light on your
Destiny
A glimpse of what is to be Eternity

As your Troops gather for the final Battle the Sun sets
for a very Last Time
Unleashing Forces unknown to Man You give the Signal
for a Final Attack
Explosions slowing down the Pace of Time, Hours
becoming Days, Days becoming None
As Nuclear Force breaks down Creation, You feel the
warm Triumph of Final Victory

The Blasts lay to Waste the Forces of the Enemy
Evaporating all, making Room for the Past
Caught in what seems to be a Vortex in Time
You watch your Forces travel to the other Side

I witnessed Man annihilate his Womb, his World
Place of Eternal War left a desolate Tomb
Epic Wars, War Machines consumed this Realm.
Strategy of scorched Earth, Nothing left to gain in
Victory

Embers!

The Embers of a dying World casting Light on your
Destiny,
Condemned to live under the Shadow of Death
The Embers of a Dying World casting Light on your
Destiny
A glimpse of what is to be Eternity

A Triumph for Eternity
