Come on people, what's the matter with you?
The few got many and the many few.
Keep on acting in the way that we do,
We won't have anything left to lose.

La la la la
La la la la

Come on baby, why we taking so long?
There's so many things that could still go wrong.
You were hungry and nobody cared,
But when I'm with you baby I'm a millionaire...

And we'll be Young Forever
Glued to your side
We'll be together,
And never...be denied

Young Forever...yeah
Be glued to your side
We'll be forever,
And we'll never...be denied
