1st Verse
Her loves like what drugs like - addiction
And Not one thing is missin
My vision - Has sence been a burr
Hypmotized by the curves
Plus it's like a cure
And it been eliminaten nerves
I aint gonna letchya say a word
Shhhhhh
Naw
Don't scream till I say so
Make you come free
Even when I'm knee deep in the bank roll
Not what you thought,
Whatchya think? we can lay low
(Hey)
You Good But You Bad
And I wont doubt a thing that you think you could do
cuz you can

Girl - the gift that's given to you is within you
So it is you it's an issue if we can't continue
Cuz everybody wishes they were with you
But they give you nothing that get you- where your
tryna get to

But I floor the peddle on it
For you everytime and plus there's more to see

I know you know what I mean when I send you the text 1
