### Verse 1

You know what today I'm pissed off with you  
'Cos you've been acting childish T  
When the fuck are you gunna grow up man and  
stopping having these fights with me  
Deep down I know were cool sometimes I wonder would  
really give a fuck if you were six feet under  
I look at you as a friend but when it comes down to it  
it's blatant  
Me and you aint tight like the way you are with Jason  
And you don't listen to me like the way you listen to him  
That makes me think that you don't respect me that's  
how the dissin begins  
Everytime we meet were at each others throats like a  
couple of bitches  
I hate the way you try and go on, like a fuck that's some  
thick shit  
I know one day you'll sort yourself out cos you aint  
stupid  
I just hope that, that day aint that far away cos my lifes  
moving at a fast rate  
Picking up pace heading towards the right place I don't  
wanna leave you behind but I could feel my heart  
change cos as everyday goes by I start to realise who  
my friends are  
If your one of them, prove it

Fix up

\*chorus\*

Couldnt get along today  
We couldnt get along today  
I'll have to call you back later  
Couldnt get along today  
Ooooo yeah  
Couldnt get along today

\*Chorus end\*

### Verse 2

Once again my friend you managed to rattle someones  
cage  
But for once it aint mine yo, this time it's daves  
Fuck me I thought we were bad but you and him are  
worst faling out over petit shit like women, weed and  
birds

Talking about how if you never saw each other again it  
would be too soon

I can't really talk though cos sometimes I feel that way  
too

I'm just glad that me and you have sorted out our  
differences now we can finally be on the level as you  
like to put it just settled

So how's your life man, lately you seem really down

What's it like living on that council estate in south

I know you got that big fuck of dog to protect you but  
that aint your manor man what's wrong with your head  
dude the way you got one blood, you need to be  
careful, ay don't give me that shit bout it being all cool  
just be careful

Look I gotta go when your in the ends next make sure  
you check me

Alrite bruv cool see you next week

\*chorus\*

Couldnt get along today

We couldnt get along today

I'll have to call you back later

Couldnt get along today

Ooooo yeah

Couldnt get along today

\*Chorus end\*

Verse 3

Today I'm fucking distraught, I'm beside myself I can't  
stop crying man

Neither can no one else cos today I got a call from  
Greg

And the first thing he said was hey B your not gunna  
believe this man but tonys dead

And at first I didn't, then I heard the tone in his voice,  
and I knew he was serious so I didn't have a choice

And suddenly it hit me and I went silent lost for words

As I listened to him describe how you died I felt this  
surge of overwhelming sadness

The fucking bastards why they have to kill you man it's  
madness

I keep picturing your face it's the first time I seen you  
scared as I imagine you dropping from the balcony and  
you falling through the air I don't know whether you fell  
trying to escape or whether you was pushed off but  
whatever they did it was enough to get you more than  
shook up,

All I know is they turned up at your flat whilst you were  
sleepin and seriously intended on giving you a beating  
That bitch you lived with must ave had something to do  
with it aswell she wanted you out of her yard

Why the fuck else would that dog of yours be locked in  
another room

I find it far too convenient that slag must ave knew that  
they was coming to do you something bad  
I can't take this it's driving me mad I just can't belive  
your gone I never felt this sad  
T I fuckin love you man

\*chorus\*

Couldnt get along today  
We couldnt get along today  
I'll have to call you back later  
Couldnt get along today  
Ooooo yeah  
Couldnt get along today

\*Chorus end\*

Verse 4

Now that your gone don't think we'll ever be the same  
your death was a tragedy in every kind of way  
I can't comprehend all the time we wasted  
On being angry at each other instead if just getting  
along, it's wrong and it reminds me of how you left it  
last with Dave, cos when you died we didn't see his  
arse for days and those days turned to months and  
now those months have turned to years for me to be  
exact cos still were holding back the tears  
I said we haven't seen Dave for your years but we have  
except it aint really him cos the david we knew would  
never take crack or heroine hit him hard just like it did  
with Jason, you and him were like brothers and in his  
heart lies and empty space cos you'll never be  
replaced  
And we all feel the same  
What we have is love and respect when someone  
mentions your name  
So know this just before I hang up the line for the last  
time  
We love you  
And your forever on our minds  
See you in heaven bruv
