One day you'll learn  
When you get burnt,  
By then it will be too late for ya,  
Be too late for ya  
When the fire spreads and burns, don't you know?

He's just a kid, off the estate  
They call him 'Little Jake'  
Today he tried to buy weed with his little mate  
Up in the bits, but he's just a kid  
So he was open to manipulation  
He had to undergo initiation  
And when some older boys saw the situation  
They took the piss, now look at this  
little you't' beating up his only friend  
The only one that weren't pretend  
And even gave him the money for the peng  
From mice to men, and then to rats  
But only a snake behaves like that  
But the gang don't care if he falls through the gaps  
They're just happy that he falled for the trap

Playing with fire,  
It doesn't burn  
First time your hand  
Warm to the flame  
Playing with fire  
Bitter an sweet  
Oh-no  
Scorching skin now  
Hell on it's way  
Playing with fire  
Fire, fire, fire, fire  
Playing with fire  
One day you'll learn  
When you get burned  
By then it will be too late for ya  
Too late for ya  
When the fire spreads and burns  
Don't you know  
Playing with fire

He's just a kid, but he feels like the man today  
He joined a gang today  
Been at a house party around the way  
Doing illegal shit, but he's just a kid  
Still he's in luck today  
He got a fuck today  
Yeah he bust his very first nut today  
In some stupid bitch  
Today's moving quick  
So quick, if you wear the wrong shoes you'll slip  
Better keep up wi' the tempo, wi' the clique  
Cause what they on's messed up bruv  
And now that he's rollin wi' these vexed up thugs  
What's next up bruv?  
Course he's gonna make it his only mission  
To better his position  
In this little gang it's a competition  
To the little man what a disposition  
Holier than thou, he was born a Christian  
All he worships now is an idolism  
Wise men'll tell you with age comes wisdom  
And you can't be saved by religion unless you have  
faith  
So it makes no difference to the youths that are raised  
in the system  
Who don't have age on the side  
Or any positive role models in their lives that provide  
insight  
So he ain't gonna listen  
As for Jake, he's already made his decision  
And now he's just another poster boy  
For David Cameron's 'Broken Britain'

Playing with fire, it doesn't burn  
First time, your hand,  
Warm to the flame

Playing with fire  
Bitter an sweet  
Oh-no  
Scorching skin now  
Hell on it's way  
Playing with fire  
Fire, fire, fire, fire  
Playing with fire  
One day you'll learn  
When yo get burned  
By then it'll be too late for ya  
Too late for ya  
When the fire spreads and burns  
Don't you know
