you can set me free or bang me up  
just stop torturing and tell me what  
your gonna do  
what your gonna do

you can set me free or bang me up  
just stop torturing and tell me what  
your gonna do  
what your gonna do

so here we are again,  
it's like dejavu  
everyone lookin at me,  
tryin to work out if i've been tellin the truth

the court room's the same,  
but the jury's changed  
and the judge she's not here,  
so they all look the same to me, yeah

it's just like it was,  
when i was here before  
except my ex ain't here,  
in the gallery showin me support

and that breaks my heart,  
cos i love her no doubt  
and still i, no her song  
i could sing forever get up, its choice

we just need evidence,  
come to light, dont change the fact  
an innocent man went down, first time,  
i'm gonna need to be a fool to put my faith in them

only to be in this place again,  
i remember how my heart felt, breaking then  
it don't wanna feel that hate again,  
steal it once cos i gotta break again

you can set me free or bang me up  
just stop torturing and tell me what

your gonna do  
what your gonna do

you can set me free or bang me up  
just stop torturing and tell me what  
your gonna do  
what your gonna do

yeah i've been through the wars,  
up in that jail  
all you gotta do is look at the scars,  
on my face to know that i've been through hell

but i'm still breathin, yeah that's right, im still here,  
i survived through the darkest days  
in the darkest place,  
from my darkest fears

there ain't nothing you can do to me,  
ain't already been done sept shootin me  
and people having a pop and that are knew to me,  
that's what used to go on usually

when i stay to long in one place,  
imma gettin screw faced by many more fights  
how different things been now,  
but i just made it home that night  
ain't even worth thinking bout,  
what's done is done, you cant change the past  
so please stop torturing me,  
and make a decision that's all i ask

cos im ready to accept my fait,  
whatever the outcome of this case  
when i feel i cant stand this weight,  
so hurry up already and decide the pain

you can set me free or bang me up  
just stop torturing and tell me what  
your gonna do  
what your gonna do

you can set me free or bang me up  
jusst stop torturing and tell me what  
your gonna do  
what your gonna do

so what you gonna do?  
when you gonna make up your minds?  
i've been here for hours now,  
and i still ain't got a clue what you got in line

are you gonna send me back,  
through the prison gates like you did before ?  
or are you gonna set me free and let me live my life?  
you can know the score

im still sitting here listening through,  
this girl with the lies when i know the truth  
and i always have, she has too  
not many people left to convince it to

the jury's out on me but still has you  
and now i'm past caring what fate they choose for me  
just do what it is you gotta do  
and do it soon so i can get up out this room

you can let me go  
you can let me rot  
wait for parole  
gonna do the rest of the years that i got

you can cut me loose  
or you can bind me up  
cos to tell the truth  
i dont really give a fuck

you can set me free or bang me up  
just stop torturing me and tell me what  
your gonna do  
what your gonna do

you can set me free or bang me up  
just stop torturing and tell me what  
your gonna do  
what your gonna do

you can set me free or bang me up  
just stop torturing and tell me what  
your gonna do  
what your gonna do

you can set me free or bang me up  
just dont need me on a cliffhanger
