Yeah, this to all the people in my life  
That's restin' in peace, y'know what I'm sayin'?  
Here to let y'all know that y'all give me inspiration  
To do what I do and I ain't never gon' forget you,  
y'know what I'm sayin'?  
For as long as I'm alive

For all my peoples gone from nine to five  
As long as I'm alive my niggaz we gon' be strong  
Now peep the song, the streets is gone, to each his  
own  
From money spent to every song that I was featured on

It's for the block and we gon' keep it goin'  
For all my close friends gone, givin' me energy  
To speak my poems, rest in peace to the God Al Woods  
Kept my self-esteem high since a child in the hood

I was raised on the Westside, wildin' for goods  
Same cats that used to kick it now be killin' each other  
Comin' from different neighborhoods and not feelin'  
each other  
The way they used to loud talkin', last words is nigga I'll  
shoot you

The streets is eighty five 'cause nowadays you might  
get  
Popped in the back at the party tryin' to flee to survive  
For all my friends that traveled to the other side  
You'll be forever on my mind as long as I'm alive

(As long as I'm alive)  
Tell all my homies that I'm lost in the storm  
I'ma keep it movin' on  
(As long as I'm alive)  
You'll always have a piece of my heart  
Piece of my mind and a peace of my art

(As long as I'm alive)  
You shall forever be mourned  
I'm thinkin' 'bout y'all every mornin'  
(As long as I'm alive)

I shall never forget the good times  
And all the places we went

In high school, you was my closest homey  
Although from different crews, we used to chop it up  
'Bout all the shit that we was into  
From girls to guns and situations in our circle

And it hurts every time when I think about  
The day they merked you, you left a lonely spot  
Broke down when I heard it like  
Damn why they have to leave the homey shot?

My fond memories are commonly remembered  
Good times and in my mind it's like I speak to you  
spiritually  
And to my favorite uncle Franklin Harper  
You shall never be forgotten for as long as I'm alive  
and talkin'

Inside a soul darkened, due to circumstances  
These past years done had some friends of mine  
Who died from cancer, it's messed up never knowin'  
your chances  
And Tammy I wish you was here

So you could see how much we been advancin'  
And your management is much missed, but I know you  
watchin'  
Rest in peace, little Ann George and Les Watson  
And I'll gladly sing this song with pride

Cause all y'all forever in my heart  
As long as I'm alive, you hear me?  
I'll gladly sing this song with pride  
'Cause all y'all forever in my heart as long as I'm alive

(As long as I'm alive)  
Tell all my homies that I'm lost in the storm  
I'ma keep it movin' on  
(As long as I'm alive)  
You'll always have a piece of my heart  
Piece of my mind and a peace of my art

(As long as I'm alive)  
You shall forever be mourned  
I'm thinkin' 'bout y'all every mornin'  
(As long as I'm alive)  
I shall never forget the good times  
And all the places we went

Ashes to ashes, dust to dust  
Your memory'll live on, with me you can trust  
Dust to dust and ashes to ashes  
You're on my mind more for sure as time passes

Sometimes I find myself stressin', then realize at least  
I'm livin'  
So as long as I'm alive, it's for y'all I'm reppin'  
Until I'm back to the essence and if it wasn't for  
Half of my peoples gone I probably wouldn't practice  
my profession

From all the gunfights and white chalk  
Funerals wakes and white cops  
Lockin' my niggaz soon as the night pops off  
Nowadays gotta be strong to survive  
But I be representin' my peoples as long as I'm alive

(As long as I'm alive)  
Tell all my homies that I'm lost in the storm  
I'ma keep it movin' on  
(As long as I'm alive)  
You'll always have a piece of my heart  
Piece of my mind and a peace of my art

(As long as I'm alive)  
You shall forever be mourned  
I'm thinkin' 'bout y'all every mornin'  
(As long as I'm alive)  
I shall never forget the good times  
And all the places we went
