OK,OK

When this thing
Started up
I had no idea
I had no idea
What would happen
So I took my time
But, but, you didn't care
You didn't care

In fact, I told you no way
But it wasn't an answer
In your case
In fact, I knew it would go wrong
In fact, you wrecked my life
In fact, I waited too long

So when I pulled the plug
Told you, no way
You didn't like not being obeyed
And boy, it hurt
The bruises are just reminders
Of what you did
Ever-lasting scars
Never-ending memories

In fact, I told you no way
But it wasn't an answer
In your case
In fact, I knew it would go wrong
In fact, you wrecked my life
In fact, I waited too long

So if I can get a word in
I'll tell you all the facts
In fact, I lied
In fact, I cheated
In fact, I hate
In fact, I hate you
(And only you)

In fact, I told you no way

But it wasn't an answer
In your case
In fact, I knew it would go wrong
In fact, you wrecked my life
In fact, I waited too long

In fact, I told you no way
But it wasn't an answer
In your case
In fact, I knew it would go wrong
In fact, you wrecked my life
In fact, I waited too long
